22 June 1976

MEMORANDUM FOR: Deputy Director of Training

FROM : [REDACTED]  
C/TSS/OTR

SUBJECT : Non-Agency Recipients of OTR Film, "Countering Vehicular Kidnapping".

1. The following is in response to your request for information pertaining to subject film.

a. Pictorial Services Branch, CRS (with OTR concurrence), has sent retention copies of the film to:

Secret Service (1973)  
Army Institute for Military Assistance (1974)  
Air Force, SOS/PAC (1974)  
DIA (one copy in 1975 and one in 1976)  
State Department, Office of Security (1975) (7 copies)  
Army (1975)  
Office of Naval Intelligence (1975)  
USAF/OSI (1975)  
Norton AFB (1976) (Master from which 22 copies to be made)

b. Only the Department of State has been charged for copies of the film: \$660.00 for six prints (attachments A and B). This action, plus the classification and control assigned to the prints, stemmed from instructions from the Deputy Director for Administration (attachment C). These copies (as well as the copy originally sent to State in 1972) were exchanged later for seven copies of the up-to-date version of the film containing the foreign car tests (attachment D).

c. This film has had a curious history insofar as classification and control are concerned. When first produced in 1971 it was placed in the CONFIDENTIAL-NOFORN category by OTR according to indications in records of OTR/TSS/AAB. Agency field stations were authorized to show the film to foreign nationals - under certain restrictions [REDACTED] 21 May 1973, paragraphs 5 and 7. In a memorandum of 19 April 1974, the Executive Officer to the Deputy Director for Management and Services stated that the film was to be declassified as the result of a discussion between the DD/M&S and the DCI (attachment E). The DDA memorandum of 11 February 1975 (attachment C) established the basis for the current CONFIDENTIAL-NOFORN classification and control. A memorandum of 21 July 1975 from Chief, TSS/OTR to Chief, Pictorial Services Branch, CRS (attachment F), indicates that all

existing prints of the film should be marked CONFIDENTIAL-NOFORN. We understand that instructions to this effect have been sent by CRS to all copy-holders of record, both in and outside the Agency, and that all "shelf-copies" in CRS have been marked accordingly.

2. We have no information in TSS/AAB concerning possible loans made by other Agency offices to which the film has been issued. If desired, we can have CRS query the offices concerned. The same applies to any retention copies, loans, or showings made by DO field stations or Headquarters Divisions or Branches to foreign liaison or other personnel.
